Roll number: IIITU17139

Phone : 9651668793

E-mail: veshitala@gmail.com

Objectives

To solve challenging problem in the world and want to know about opportunities to leverage my skills towards the growth of the human being.

Professional Skills:

- Collaboration and Teamwork
- Conflict resolution
- Time management
- Motivator
- Leadership

Technical Skills:

1. Python(Basics)
2. Python libraries (basics)
 - A. Pandas
 - B. Matplotlib
 - C. NumPy
 - D. Seaborn (just introduction)
3. Experience with jupyter Notebook
4. Data Science(Analysis ,cleaning and visualization)
5. Machine Learning(Model fitting and testing)
6. Deep Learning (Kears & scikit learn)
7. Worked on Microsoft Azure ML(cloud platform)
8. Basics of AWS-Sagemaker
9. Experience with Amazon Quicksight

Projects Undertaken:

- Trained a model on iris data set (collaborative)
- Trained a model on Pima indian diabetes (collaborative)
- Build a model for survival prediction on Titanic data set (self)
- MNIST Digit recognition (Keras ,Deep Learning)

Extra Curricular:

- Participated in
 1. Hackerearth **Data Science Hiring Challenge** (not accepted)
 2. Kaggle **House Price Prediction Challenge** (not accepted)
- Attended
 1. Webinar on Artificial intelligence (By Siraj rival)
 2. PyData webinar
 3. AWS Innovate Special Edition - Machine Learning

Interests and Activities:

- IOT.
- Data science.
- ML for everyone.
- BIG DATA.
- Cloud computing.
- Better future for human being.
